CHAIRPERSON'S WELCOME

I am pleased to introduce the 2017-2018 Riverina Regional Library (RRL) Management Plan. This important document aggregates the governance and management documents of the organisation to summarise its service intent.

I was elected to the position of Chairperson of the RRL Advisory Committee in October 2015, and have enjoyed my first 18 months of closer involvement with this important regional organisation.

During a period of significant change in the NSW local government sector, including a focus on regionalisation and a regime of amalgamations that have affected 6 of our member Councils, the demonstrated success and longevity of RRL offers a compelling model for regional collaboration.

The historically low level of state government funding for the 370 public libraries across the state is manifesting itself in the attrition of staffing, collections, services and programs in libraries in NSW. With an incremental reduction of state funding from 23.6% of total library costs in 1980 to just 7% in 2016-17, it is not surprising that NSW Councils are suffering funding fatigue. NSW has, for many years, had the dubious distinction of providing the lowest percentage contribution to its public library network. Perhaps the new Premier will find this inconvenient truth shameful enough to promptly address the library funding crisis in NSW.

EXECUTIVE DIRECTOR'S INTRODUCTION

I am pleased to present the Riverina Regional Library (RRL) Management Plan 2017-2018. This document provides an overview of the service intent of the organisation by aggregating our organisational planning and financial mechanisms.

RRL is the largest regional library service, in terms of participating Councils, in NSW. The organisation includes 10 member Councils in a geographic area of 47,917 sq km, served by a network of 18 branch libraries, 3 deposit stations, and a mobile library that visits 28 communities. The further expansion of RRL on 1 January 2015 to include Bland Shire Council, closely following the admission of 4 additional Council areas on 1 July 2013, demonstrates two things. Firstly, that the focus of RRL in recent years on developing a flexible and scalable organisation has delivered the desired outcome, and secondly, that the success of local government collaboration for effective service delivery is clearly achievable when philosophical and financial agreement; robust planning and reporting; and a sustainable, flexible and scalable operating model are developed and implemented.

The state government's announcement of NSW council amalgamations on 12 May 2016 directly affected six RRL member Councils. Cootamundra and Gundagai Councils, Corowa and Urana Councils, and Tumbarumba and Tumut Councils respectively merged to form new entities. Since each of these council amalgamations are within the existing RRL boundary, there has been no strategic impact on the organisation, however a number of operational adjustments have been implemented to accommodate the revised council configurations. RRL Administration Centre staff continue to work with member Councils and branch library staff as they progress through the amalgamation process.

A strategic approach to organisation-wide planning is key to the success of RRL. The RRL Administration Centre focuses on collaborative planning, transparent reporting, and quality service provision in specified areas - all supported by a strong commitment to innovation and continuous improvement. Of equal importance is an understanding of the fundamental factors affecting the sustainability of the organisation, a requirement which lead to the development of six sustainability principles that were introduced into the Management Plan in 2015-16.

The RRL Integrated Planning Strategy 2014-2018 (IPS) remains the centrepiece of the Management Plan. It articulates the vision, mission, values and strategic objectives of the organisation, and demonstrates how these aspirations will be achieved through specific actions with measurable outcomes. The IPS is built around the three strategic objectives of Build Capacity; Innovation and Accountability; Create Connections, which acknowledge the focus areas for the expanded organisation. Planning for 2018 and beyond has commenced and will continue during the coming year, when stakeholders from across the region will be invited to consider which "alternative library futures" will provide the most effective and robust outcomes for the many and varied communities they serve.

RRL will continue to play a leading role in the support and development of the NSW Public Library network during 2017-18 through staff representation on state committees, maintaining its awareness and activism regarding library sector issues, and sharing its experience and knowledge with colleagues.

The ongoing support of RRL member Councils, Advisory Committee and staff provide the organisation with a strong vision and a clear mandate to pursue excellence through inspired planning, embracing change, optimising innovation, and always seeking to improve. The RRL Administration Centre looks forward to working closely with its member Councils and branch libraries during 2017-18 to provide an inspiring range of library spaces, collections, programs and services for the 137,845 constituents across our region.

Robert Knight
Executive Director – Riverina Regional Library

ABOUT THE RIVERINA REGIONAL LIBRARY

The Riverina Regional Library (RRL) is the largest regional library service in NSW in terms of participating member Councils, and the second largest in terms of population served. It provides library services to 137,845 constituents of 10 local government areas, those being the shires of Bland, Coolamon, Cootamundra-Gundagai, Federation, Greater Hume, Junee, Lockhart, Snowy Valleys, Temora and the City of Wagga Wagga. The service consists of 18 stationary library branches, as well as a mobile library serving 28 communities.

RRL was established in 1978, and has grown from its initial membership through the admission of additional Councils throughout its history. Bland Shire Council is the most recent LGA to join RRL, commencing on 1 January 2015.

RRL has for some years been considered a leader amongst regional libraries. It has participated in a number of statewide projects, been represented on various State Library of New South Wales committees, contributed to the development of policy and other documentation at the State level, and introduced a range of service and technology innovations. RRL has also taken a lead role regionally, and has instigated a number of collaborative training initiatives with other libraries in the South-West Zone as well as acting as a “mentor” for smaller libraries in the Zone.

RIVERINA REGIONAL LIBRARY GOVERNANCE

The Riverina Regional Library operates under two primary pieces of legislation – the Local Government Act 1993 and the Library Act 1939.

Riverina Regional Library operates under Section 12) 1) a) of the Library Act, which prescribes that:

“Two or more local authorities may enter into an agreement whereby the local authority of one area undertakes the function of providing, controlling and managing libraries, library services or information services within the area or areas of the other local authority or local authorities.”

Wagga Wagga City Council undertakes the role of “Executive Council” under the current Riverina Regional Library Deed of Agreement, and the Riverina Regional Library operates under the policies of the Executive Council in order to comply with the requirements of the Local Government Act.

An advisory committee, known as the Riverina Regional Library Advisory Committee, provides advice and recommendations to the Executive Council on matters pertaining to Riverina Regional Library. The Advisory Committee includes 23 representatives from member Councils, as well as the Executive Director. The Advisory Committee has appointed an Executive Committee that meets on an as-required basis to consider complex issues for recommendation to the Advisory Committee.

The Riverina Regional Library Advisory Committee meets twice each year.

RIVERINA REGIONAL LIBRARY DEED OF AGREEMENT

The current Riverina Regional Library Deed of Agreement was adopted in 2012 for a period of 6 years. It was amended in 2013, 2015 and 2016 to include additional member Councils and amalgamated Councils.

A copy of the Agreement follows:

OUR STRATEGIC DIRECTION

The development of the Riverina Regional Library Integrated Planning Strategy 2014-2018 saw a change of focus for RRL. Whilst the document continues to respond to the RRL Collections to Clients strategy, which changes the focus of library operations from the traditional collection orientation to customer service outcomes, it has a clear focus on strengthening capacity for our branch libraries and their communities. In addition, the strategy addresses, insofar as possible, the changing environment for public library spaces, collections, services and programs.

The document is underpinned by robust planning mechanisms and incremental process improvements that have been achieved since 2005, enabling the 2014-2018 strategy to have a developmental focus.

The Integrated Planning Strategy 2014-2018 is based around an organisation-wide strategy map featuring 3 focus areas, which devolves into an organisation wide action plan.

The RRL strategy map focus areas, demonstrating the outward focus of the organisation, are:

- ***Build Capacity***
- ***Innovation and Accountability***
- ***Create Connections***

The Strategic Plan articulates the following Vision Statement and Mission Statement:

VISION: ***Inspiring people, engaging communities, enriching lives***

MISSION: ***Creatively connecting people, information and knowledge***

The Riverina Regional Library Integrated Planning Strategy 2014-2018 is included on the pages following.

OUR SUSTAINABILITY PRINCIPLES

Riverina Regional Library recognises the importance of organisational sustainability to ensure the future prosperity of this large, regionally focussed organisation.

In an environment of local government reform and increasing financial pressure, it is incumbent on each component of the sector to understand the critical success factors affecting its ongoing sustainability.

Equally important to the capability to achieve goals and objectives is the clear definition of the scope of goods and services provided.

This is how RRL defines its service provision and the associated sustainability factors.

What We Do

The RRL Administration Centre provides centralised library services in 6 areas:

- Administration and Governance
- Collection Services
- Information Services
- eLibrary and IT Services
- Outreach programs and promotions
- Mobile library services

The RRL service model provides only services that directly enhance the delivery of collections, services and programs to customers through its large network of libraries.

SERVICE LEVEL AGREEMENTS

The concept of Service Level Agreements (SLAs) between the Riverina Regional Library and member Councils was introduced as a recommendation of the organisational review undertaken by Libraries Alive! consultants in 2004. SLAs were recommended as a strategy to ensure consistency, equity and transparency of library service provision to member Councils, and as a mechanism to measure outputs against inputs.

Since their introduction in 2006-07, SLAs have proven to be a valuable tool to quantify and measure those services that can be quantified and measured. Progress is reported to member Councils in a quarterly report using Performance Planning software. A sample Service Level Agreement for *Provision of Library Services by Riverina Regional Library to a Riverina Regional Library Member Council* during 2017-18 appears on the pages following.

SERVICE LEVEL AGREEMENT 2017-2018

for

PROVISION OF LIBRARY SERVICES

by

RIVERINA REGIONAL LIBRARY

to

MEMBER COUNCIL

(Revised January 2017)

Riverina Regional Library Service Level Agreements

Policy Framework

1. Legislative Framework

The Riverina Regional Library operates under two primary pieces of legislation – the NSW Library Act 1939 and the NSW Local Government Act 1993. The Library Act prescribes service and operational requirements under Sections 10, 11 and 12 and the Local Government Act prescribes the powers that may be delegated to Library Committees under Sections 355, 357 and 377.

2. Riverina Regional Library Governance

The Riverina Regional Library is administered under a Deed of Agreement (2012-2018) between the Wagga Wagga City Council and the Councils of Bland, Coolamon, Cootamundra-Gundagai, Federation, Greater Hume, Junee, Lockhart, Snowy Valleys and Temora. The Agreement has been updated three times since 2012 to reflect the admission of additional member Councils in 2013 and 2015, and the impact of local government amalgamations in 2016. The Agreement prescribes governance and management processes, responsibilities of members and financial arrangements.

3. Service Level Agreement Objectives

The objective of Service Level Agreements (SLAs) between the Riverina Regional Library and member Councils is to ensure consistency, equity and transparency of library service provision to member Councils, and to provide a mechanism for measurement of outputs against inputs.

The SLAs detail the minimum level of service that will be provided, and each party may choose to exceed the minimum level of service at any time.

SLAs are not intended to quantify every service provided, but to detail the range of services provided, the responsibilities of all parties to the agreement, and prescribe key performance indicators to measurable outputs.

4. Service Level Agreement Reporting

Riverina Regional Library will report quarterly (in February, May, September and November) on SLA outcomes using the Performance Planning automated reporting system. Quarterly SLA reports will be emailed to General Managers of each member Council as well as to members of the Riverina Regional Library Advisory Committee.

5. Service Level Agreement Agreed Principles

The following set of core principles provide a framework for the development, implementation, monitoring and reporting of SLAs:

- Minimum core service provision levels have been established. Core service levels may not be reduced.
- Minimum standards have been developed for RRL products and services (e.g. children's storytime packs; procurement of shelf-ready collection resources; provision of IT hardware). Standards are articulated through a layer of policy documentation.
- The total level of products and services provided by RRL at 1 July 2007 formed the basis of service provision for the development of SLAs. It should be noted that, because a number of services were previously supplied on a "by demand" system, variations in service provision levels may occur between member Councils.
- In areas of service provision where it is either impractical or impossible to establish meaningful unit costing (e.g. administrative services; motor vehicle operation), costings will be allocated to member Councils on a per capita basis.
- Member Councils may purchase additional products and services in specified areas beyond their level of contribution as provided in the annual Fees & Charges schedule, or by negotiation (e.g. some Councils fund additional collection resources from time to time).
- Capacity for process review and service improvement has been built into the SLA model.
- Member Councils will agree to appropriate levels of staff release for continuing professional development.
- Any "unspent" products or services at the conclusion of each financial year will not roll over to the next year, unless in exceptional circumstances and by agreement.
- SLAs will specify the level and content of service provision in each category.
- Performance indicators have been developed for provision of products and services that can be measured. Indicators may include timeliness, quality and/or quantity, depending on the service in question.
- Adherence to agreed SLAs is dependent upon payment of annual financial contributions by member Councils in accordance with the adopted RRL funding formula (as specified in the RRL Deed of Agreement).
- Services will be delivered on a pro-rata basis according to time where appropriate (e.g. an agreed allocation of each member Council's resources entitlement will be provided each quarter) unless an alternative arrangement has been negotiated.

6. Responsibilities of Riverina Regional Library (RRL)

- RRL will develop and maintain a SLA system in accordance with item 3 above.
- RRL will adhere to terms of the RRL Deed of Agreement.
- RRL will provide quarterly reports to member Councils on the status of SLAs.
- RRL will negotiate annually in February with member Councils regarding SLA variations for the following financial year.

7. Responsibilities of Riverina Regional Library Member Councils

- Member Councils will adhere to terms of the RRL Deed of Agreement.
- Member Councils will make prompt payment of biannual contribution instalments.
- Member Councils agree to release library staff for appropriate periods of continuing professional development including attendance at meetings, conferences and training.
- Member Councils will provide and maintain suitable library buildings to meet agreed service provision standards.

8. Agreement

Note 1 – there is a cost attached to processing donated items, and all member libraries must be judicious about which donated items are added to the library collection. In order to control this area of cost, the amount of donated material that will be processed at no charge is limited to 20% of the new items acquired (on average) by each library in the previous year. For example, if 15,000 items were acquired by RRL in the previous year and Member Shire Council was allocated 10% of the items (1,500) it would be entitled to have 300 donated items processed in the current year.

Note 2 – Individual member Councils occasionally purchase additional library resources using external funding sources (i.e. funding that falls outside the RRL annual budget). As this expenditure falls outside the terms of the RRL Agreement and the Strategic Procurement model, branch libraries will source their own externally funded collection items, send them to the RRL shelf-ready provider for processing, and make financial arrangements through their individual Councils directly with suppliers. In the event that externally funded collection items are sent to RRL for processing, the shelf-ready processing schedule in the above table will be applied.

3.3 eLibrary Services

The term eLibrary encompasses the many aspects of technological development that influence the way libraries provide services to their customers. Riverina Regional Library has established a dedicated eServices team in recognition of the increasing importance of eLibrary services in future service provision. These include:

- Interactive websites
- Content creation opportunities for staff and customers
- eResources such as eBooks and databases
- Use of social networking tools
- Discovery tools to aggregate searches of library materials across all formats

3.4 Mobile Library Service

The Mobile Library service is provided to 7 member Councils areas (Coolamon, Federation, Greater Hume, Lockhart, Snowy Valleys, Temora and Wagga Wagga). Financial contributions of Councils that utilise the Mobile Library service are calculated on an hours of use basis to meet the overall costs of staffing, vehicle operations, collections and contribution to the vehicle replacement reserve. Member Councils are responsible for funding LGA specific staffing (i.e. where a Council requires additional staffing to improve the level of customer service at nominated service points) and LGA specific infrastructure (e.g. modifications and improvements to mobile library service points).

FINANCIAL MANAGEMENT

The Riverina Regional Library operates on financial contributions by member Councils. Contributions are based on a funding formula that uses different indexes to calculate annual service costs. Contributions are determined on a per capita basis.

The Riverina Regional Library Deed of Agreement provides that:

9.5 An agreed formula shall be used to determine the budget contribution for each Member Council which shall be predicated on a per capita contribution by member Councils according to the most recent ABS census data available. The formula (attached as Appendix One) shall be reviewed and adopted annually by the Committee.

Appendix One

vii) Increases in contributions for operational, reserves and resourcing costs shall be based on annual rate pegging increases (taking into account the qualification provided in 9.5 ii), unless varied by Section 9 .6

viii) Increases in contributions for employee costs will be based on actual costs

Copies of the Riverina Regional Library Member Council contributions and the 2017-2018 budget appear on the pages following.

RISK MANAGEMENT

Riverina Regional Library operates under the following risk management principles of the Executive Council:

Risk is defined as the effect of uncertainty on objectives, and this uncertainty can have financial, operational, environmental and/or reputational consequences.

Riverina Regional Library understands that large, unmitigated risks can adversely impact its stakeholders and its ability to achieve its strategic, operational, financial and regulatory objectives.

Riverina Regional Library recognises that whilst risk is inherent in all its activities, the management of that risk is an integral part of good management practice and fully supports risk management as a central element in its Good Governance Framework. Therefore, the Riverina Regional Library will adopt a risk management approach consistent with AS/NZS ISO 31000:2009 in its planning, approval, review and control processes.

Risk management is a systematic process that involves establishing the context of risk management, identifying risks, analysing risks, evaluating risks, treating risks, periodic monitoring and communication. Risk management does not eliminate all risk. The application of risk management thinking, principles and practices aims to help the Riverina Regional Library deliver quality services, improve decision making, set priorities for competing demands/resources, minimise the impact of adversity and loss, ensure regulatory compliance and support the achievement of its objectives.

The Riverina Regional Library is committed to the formal, systematic and proactive management of risks.

1. INTRODUCTION

This Information Technology Plan is designed to support the continual provision and enhancement of a quality regional library service for the Riverina Regional Library and documents the management of Riverina Regional Library's information technology facilities and services affecting both library staff and library users. The plan aims to support and maintain the cost efficiency of operation and currency of means in Riverina Regional Library's (RRL) use of information technology (IT) to achieve its strategic directions.

Information technology can be defined as the application of technology in computers and communication systems to record, store, process, retrieve, transmit and receive information. IT management in today's progressive environment refers to those technologies that determine the efficiency and effectiveness of communication in the workplace, with the objectives of continually improving the devices that allow us to handle information.

For information technology to be managed effectively in a regional library environment, clear goals, objectives and strategic plans need to be in place. These objectives must be widely communicated, fully supported by and committed to by all member councils of the RRL - library staff, support groups and committees. This policy shall also be freely available to all members of the public. This document will develop guidelines for the effective management of information technology and clearly establish the future IT directions for the RRL.

2. IT SUPPORT AND SERVICES

APPENDIX 1

1. Current Information Technology Environment

Riverina Regional Library's Library Management System operates within an internet based "Virtual Private Network".

The Central database is maintained at RRL headquarters situated at 2 Galing Place, Wagga Wagga. All static branch libraries connect to this database through ADSL internet connections. The Mobile Library utilizes Telstra NextG Broadband to connect to the RRL LMS.

1.1 Hardware

RRL currently owns 42 PCs and 7 laptops for staff use. Public access PCs are the responsibility of member LGA's. All RRL supplied PCs are HP Compaq. All PC's have LCD monitors. All headquarters PC's are connected to the Wagga Wagga City Council Local Area Network (LAN). The majority of branch library PC's are connected to their LGA's LAN's.

All staff PC's have access to the Library Management System (LMS), Internet, Email and corporate office applications.

RRL headquarters uses networked Canon Photocopier/printers and HP printers for desktop printing and Epson thermal slip printers for stock circulation.

At present PCs are replaced every four years (approximately) with the better superseded PCs being recycled to provide additional workstations in low demand areas.

Wagga Wagga City Library was "RFID enabled" in February 2009. Remote branch libraries were RFID enabled in January 2010. All branches with the exception of Talbingo Library use RFID readers for stock circulation.

1.2 Operating Systems

Library servers are Windows 2008 R2 64 bit server.

Library PC's are Windows 7 Professional SP1

1.3 Servers

RRL uses 4 HP Proliant servers:

- 1 Domain Control Server
- 1 Database Server
- 1 Web server
- 1 Back-up server (Shadow Protect)
